

# 2016 Stallion Service Auction

**Thank you for your support  
of the Stallion Service Auction!**

With deep appreciation, we gratefully acknowledge the generosity of those who provided breedings to make the Stallion Service Auction a success. Some of the best stallions and finest bloodlines are represented here and we are proud to offer them on behalf of the Paso Fino Horse Association. The Stallion Service Auction is a great way to showcase your stallion with the hope of a return investment through the Breeders' Sweepstakes! It is always exciting and rewarding to strive for and achieve excellence...a successful union between the stallion you select and your mare can result in a promising offspring, one that may make you a winner in the Breeders' Sweepstakes!

Dear Breeders and Mare Owners,

We are delighted to offer you the opportunity to bid on a breeding service to one of the outstanding stallions participating in the Stallion Service Auction. Many National Champions and Top Ten Sires are represented, as well as other exciting young stallions that are beginning their breeding and show careers. In looking at the list of stallions in this catalog, you will notice that many of today's popular bloodlines are represented. Our thanks go to the many stallion owners that have been so generous in offering the services of their stallions for the benefit of the PFHA membership.

The Stallion Service Auction is a prelude to the Breeders' Sweepstakes Classes for yearling colts and fillies. **Only the offspring of the stallions, whose breeding service is purchased, or bought back, through this auction will be eligible to show in the Breeders' Sweepstakes Classes.** The proceeds from this auction will be channeled directly into the prize fund for the Breeders' Sweepstakes program, with cash awards given to the winning fillies and colts, as well as a percentage to the stallion owners. You may be able to win more money through this program than what you spend on your breeding service!

This is a wonderful opportunity for you to purchase, at a great value, a breeding to a stallion that can improve your breeding program. Just browse the catalog and you will be amazed at the quality of stallions whose service is being offered. Who knows... your offspring may be the next Sweepstakes winner earning cash for both you and the owner of the sire! Even if you do not show, or do not show on a national level, at a minimum you might be able to purchase a breeding to a great stallion at a reduced rate. A foal eligible for the Breeders' Sweepstakes has a chance to win cash prizes and thus is more marketable than a foal who can only win ribbons. The winning bidders and the doners of the stallions whose services are purchased at the Grand National Show each get a free nomination to one of the Sweepstakes classes **AND** a free initial nomination of a weanling foal to the Fabulous Futurity program.

Place your bid for the stallion of your choice on the Stallion Service Auction Bid Form after completing the Authorization to Bid form. The bidding starts at the Grand National Show. The stallions that receive a bid by the end of the show will not be available for further bidding, but bidding on the remaining stallions' service will continue until March 1st of the following year. You can purchase a breeding to one of these SSA stallions during this period by being the first person to send the appropriate payment and Authorization to Bid form to the PFHA office.

GOOD LUCK!!!

*Futurity Committee*

## STALLION SERVICE AUCTION PHASES

- **Phase 1 – At Grand National Show.** A table is set up at the Grand National Show (GNS) providing a catalog of available stallions and information about each of them. A member interested in purchasing a breeding to a participating stallion can place an open bid at that time on sheets of paper provided for that purpose and filling an Authorization to Bid form. This open bidding is closed at mid-afternoon of the last day of the show. At that point the highest bidder for a stallion service is the winning bidder, and that stallion's service is not available for further bidding. The winning bidders and the donors of the stallions whose services were purchased through this phase **each get a free nomination to one of the BSC classes AND a free initial nomination of a weanling foal to the Fabulous Futurity program.** For further information on the Fabulous Futurity program refer to the PFHA website.
- **Phase 2 – Between Grand National Show Closing and March 1st of the following year.** The breeding service for SSA stallions that did not receive bids during the GNS will be available for purchase between the closing of Phase 1 above and March 1st of the following year. The list of the still available stallions is posted in the PFHA website. Any member interested in a breeding to any of these stallions can purchase it for one half of its listed price or \$500.00, whichever is higher. This can be done by being the first member sending an Authorization to Bid for with payment for the breeding to the PHFA office in care of the Stallion Service Auction program by March 1st of the following year. The donors of the stallions whose services were purchased through this phase **will get a free initial nomination of a weanling foal to the Fabulous Futurity program.**
- **Phase 3 – March 2nd to March 31st.** Stallion service donors whose stallion's service was not purchased by a member during phase 1 or 2 above can attain the eligibility of their stallion for that year's program by paying a \$200.00 eligibility fee.

9. In the event that the stallion you have chosen dies or becomes unable to breed your mare or he leaves the country, you must choose one of the following options:
  - a. You may breed to another stallion whose service has not already been purchased.
  - b. You may elect to carry over your breeding to the chosen stallion to the following year (1 year maximum), or
  - c. You may carry your funds over to the following year to place a bid on another stallion.

*In order to take advantage of any of the above options you must send written notification of such by November 1 to the PFHA office in care of the Stallion Service Auction program.*
