Fabulous Futurity Rules

To Qualify for the Fabulous Futurity Classes

1. Horses must have been nominated through the program and must enter appropriate classes and all program fees paid.
2. All Futurity entries must have microchips recorded with the PFHA. It is the responsibility of exhibitors to have the correct microchips in Futurity entries. Microchips will be scanned for verification to allow time if there is an issue that arises prior to the day of the class. **PRE-SCANNING WILL BE DONE BY A STEWARD IN THE BARN AT EACH HORSES STALL.**
3. **MANDATORY SCANNING**
In the warm-up area before the class. Any horse presented to the warm-up ring that does not match its microchip number will be disqualified. **NO EXCEPTION TO THIS RULE**
4. Eligible horses who qualify are NOT automatically entered into a futurity class. The Futurity Class must be included on the horse's entry form as any regular class would be. Once entry has been received by the show secretary, the division has been declared and no class change will be allowed. The entry fees are as published in this prize list.
Entries must be received by August 10, 2023.

Entries received after the 1st Tier Deadline (August 10) will pay an additional \$200 fee.

No entries are allowed after August 22, 2023.

NO ENTRIES ACCEPTED AFTER AUGUST 22. NO EXCEPTIONS.

All Futurity Pre-Class Warm-Up Procedures

1. Entries for the Fabulous Futurity classes are presented to the warm-up arena to be inspected by the veterinarian and farrier. Any entry that does not pass the inspection by the vet or farrier is disqualified per National Show procedure. Microchips will also be verified upon entry into the warm-up ring. Any horse presented to the warm-up ring that does not match its microchip number on record with PFHA will be disqualified.
2. Entries report to the warm-up arena saddled and bridled. A show steward inspects the tack of the horse and attire of the rider. The tack and attire for each class will be the same as for the schooling classes of the particular division for which the horse is entered in the Fabulous Futurity class. Each entry will be allowed only one handler in addition to the rider. Attire of the handler is not relevant. After passing the inspections of vet, farrier, and steward, entries proceed to the warm-up arena (presided over by at least one designated steward) and wait quietly for further instruction. Entries may be hand walked, but no other warm-up is allowed (no lunging or riding).
3. Upon instruction from the presiding steward and with the paddock announcer acting as timekeeper, riders are instructed to mount their horses and are allowed five minutes to warm up before the class is called into the show arena.
4. If a rider has been granted a tack change from a previous class, the presiding steward and timekeeper will wait until the tack change is complete before calling for riders to mount their horses.
5. After the five-minute warm-up, riders may remain on their horses and stand quietly or may dismount and stand or walk the horse. No further mounted warm-up will be allowed. Once the class is called, all riders must mount their horses and proceed in at a walk or gait directly to the show arena. Handlers may remain in the warm-up arena until the entries proceed to the show arena.
6. Any entry arriving late to the warm-up arena forfeits any time lapsed in the five-minute warm-up. Regardless of warm up time, they must proceed with the other horses and riders into the show arena when called.
7. Entries that do not follow this warm-up procedure as directed by presiding steward or paddock announcer (timekeeper) may be disqualified at the discretion of the judge

You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. - Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.

Equitable-Olympic Five Judges (F1-F2) Scoring System

1. **Scoring:** Each judge will enter their placements on the provided PasoKey iPods. PasoKey will accept and tabulate the placement entered and will eliminate the high and low placements for each horse from the final placements to determine the results. The remaining three scores will be added by the computer system and the horse with the lowest score is the winner, the second lowest is second, and so on.
 2. Judges may pin the class following the completion of the preliminary round (F1) if 3 out of 5 judges select to do so and there are ten (10) or less horses in the class. For classes with 10 or less horses, judges may choose to move all horses to the finalist round (F2) or work off horses after the F1 is completed per the selection procedure in paragraph 5.
 3. If the class is not pinned at the completion of the preliminary round and there are more than 10 horses, each judge should select up to 10 horses to go to the finalist round (F2).
 4. A horse **MUST** be selected by 3 out of 5 judges to move from Preliminary Round (F1) to Finalist Round (F2).
 5. Judges may work off horses after the finalist round or place the class at that point. Judges must input a minimum of 2 horses when asking for a work off. A horse **MUST BE** selected by 3 out of 5 judges to be part of a work off. The additional work off will be submitted via the iPod and the PasoKey system will tabulate the results to determine the horses selected for the work off.
 6. If the same two or more horses are not selected by 3 or more judges for a work off, there will **NOT** be a workoff and judges **MUST** place the class at that time via the iPod.
 7. Judges must select from the provided predetermined test(s), for each division for the work offs via the iPod. The test selected by 3 out of the 5 judges will be the one read by announcer for the horses to perform.
 8. In the event that there is a true tie for first place or second place, all five judges will judge a predetermined tie breaker test and judges will send decision via iPod.
 9. A true tie exists after the high and low placements are eliminated from the remaining 3 placements and after the initial elimination of the high and low score and the end result are horses sharing the same placement/score. For any true tie, other than for first or second place, the call judge's card will be used to break the tie. Judges will enter final decision via the iPod.
 10. The judges' scores will be displayed on the big screen along with the name of each judge.
 11. Judges will not confer at any time. Each judge will judge independently throughout the entire competition.
- * The Judges and Stewards Committee will recommend predetermined procedures, work-offs and tie breakers for the 2020 GNS in the April BOD meeting. Pre-Determined work-offs shall be posted on the PFHA GNS website, www.pfhagns.com ;
