Paso Fino Horse Association Recreational Rider Programs

The popularity of the Paso Fino breed continues to grow among recreational riders both young and old. The amazing stamina of the Paso Fino, coupled with its extremely smooth ride is a significant factor in its choice for recreational riding. The Paso Fino is making its mark in recreational competition, proving to be a highly competitive horse in all types of recreational competitive venues.

Below is a brief description of the recreational rider programs offered by PFHA that are the REWARDS of riding the smoothest gaited horse. All participants of these programs must be current PFHA members and the horses must be registered PFHA Paso Fino horses with the exception of Pasos for Pleasure or Ticket to Ride, which allow other modality horses that hold a PFHA Certificate of Validation.

The complete rules governing the Pasos for Pleasure and Ticket to Ride Programs as well as the AERC and the NATRC Breed Awards are printed on the respective forms for each program. Rules governing the three pointed programs, Competitive Trail, Endurance Trail, and Pleasure Long Distance Trail are found in the PFHA Rule Book. The PFHA Rule Book is on the PFHA website or may be ordered from the PFHA office for a minimal fee.

Paso Fino Sport Horse Program (PFSH)

The Paso Fino Sport Horse Program showcases some of the Paso Fino breed's best ambassadors, and as a promotional tool, it can't be beat. Most new Paso Fino owners discover the breed through friends and seeing Paso Finos compete at open events.

The Paso Fino Sport Horse (PFSH) rewards both Riders and Horses that excel in all-breed competitions outside of the traditional Paso Fino horse community. As a participant in PFSH, you and your horse will accumulate points based on how you place in competitions and be rewarded for all of your achievements and hard work.

- The horse must be registered with the Paso Fino Horse Association (PFHA) and Owner and Rider must be current members of PFHA for points to count.
- An application form must be submitted each year prior to competing. A yearly fee of \$25 per horse must accompany the application. The show year will be the same as the PFHA show year September 1 – August 31.
- A Sport Horse Entry Form must be filled out for each event and be postmarked to the PFHA office within 20 days of the competition. A copy of the prize list or program from each Sanctioned or Non-Sanctioned show entered must be submitted with your PFSH entry. To ensure a level playing field for all participants, a show prize list should include: rules and class specifications, dates, times, names of judges/officials and show secretary name and contact information, fees (entry fees, late fees, stall fees, etc.) and prizes. Please attach each prize list to the entry sheet for that show.
- Shows may be Sanctioned or Non-Sanctioned (4-H and schooling shows are eligible), but shows and classes must be open to all breeds or all gaited breeds. Shows open only to or adjudicated by facility owners, family members, employees, boarders, or owners of horses in training at a single facility are not eligible for points.

Trail Horse Testing Program

The Paso Fino Horse Association is introducing the Trail Horse Test Program (THTP) which provides a way to demonstrate the horse's ability to perform trail riding skills based upon a series of tests that gauges the horse's natural ability and training against a standard of performance. This is not a competitive trail riding obstacle course, but a gauge of your horse's abilities to complete the tasks normally performed before, during and after a trail ride. Objectives:

1. Highlight the pleasure of a trained and responsive trail horse.
2. Set non-competitive goals for the horse in an effort to improve both horse and rider.
3. Provide a structured method to judge a trail horse.
4. Recognize the harmony between horse and rider where there is good communication between them.
5. Record the Trail Horse Level Achieved in the horse's PFHA registry. Just as PFHA records the show points, PFHA will record if your horse achieves a Junior, a Senior or the most prestigious Master Level award.
6. The registry entries will aid individuals who are researching horses/bloodlines that may be well suited to the trail.

Pasos for Pleasure Program

The PFHA Pasos for Pleasure Program was designed to reward those PFHA members who use their registered Paso Fino Horses for pleasure riding or driving on non-pointed trail rides. The program is intended not only to provide the PFHA trail rider or driver with an opportunity to receive awards and recognition for participating in all breed rides, drives, parades, and other non-PFHA pointed show or trail activities, but also to provide exposure for and to exhibit the versatility of the Paso Fino Horse in general.

To participate, a rider or driver must maintain membership in PFHA and ride or drive only registered Paso Fino Horses. There is a onetime fee per person of \$25. A form must be filled out and sent to the PFHA office along with the fee. The rider or driver must maintain a written log in fifteen (15) minute increments of the horses and hours actually spent riding or driving. Any riding or driving time may be logged as long as it is not time that will be utilized to obtain PFHA points. Therefore, time in the saddle or buggy actually showing in a PFHA pointed show class or when on Pleasure Long Distance Trail, Competitive Trail, or Endurance Trail rides or drives for which the competitor applies for PFHA points may NOT be logged and submitted for Pasos for Pleasure hours. As each successive level is reached in the program, the rider will send a copy of the log to PFHA, and PFHA will send a letter and patch with the current hour level on it and whatever award is allocated for that level. PFHA Office personnel will document the rider's or driver's name and total hours ridden or driven on the PFHA website under the "Members" tab/Pasos for Pleasure/Member #/Pin#/sign in.

The program ends at 5000 hours. Once a rider or driver achieves this milestone he/she may continue to send in logs with their hours on it and the hours will be placed on the website. However, no other recognition will be given after the 5000 hour level is reached.

An annual high hour award is also given. The PFHA Pasos for Pleasure year runs September 1 through August 31 of every year. All riders and drivers participating in the Pasos for Pleasure Program must have their previous PFHA year's logs into PFHA postmarked or faxed no later than September 5th. The rider or driver with the most hours logged will receive an award and will be asked to submit an article to *PFHA* for publication in the trail issue of *Paso Fino Horse World Magazine*. The next nine (9) riders or drivers with the highest hours in descending order will be asked to write an article about their experiences obtaining their hours in the *PFHW* for recognition, but no award will be given.

See the following pages for the Pasos for Pleasure Application form, the Pasos for Pleasure Log, and the hour benchmarks. Both the application form and the log can be accessed on the PFHA web site under "Infoseek" tab/Forms.

The NATRC "year" runs from the third week in November through the second week in November. Therefore, this award is based upon that time frame, not upon the calendar or upon the PFHA year.

Who qualifies?

The rider of the horse must be a PFHA and a NATRC member in good standing and the horse must registered in PFHA and in NATRC at the time the points for the award are accrued and at the time the names are submitted to PFHA for the award. NATRC requires either a copy of the horse's PFHA papers or a PFHA registration number in order to submit the horse for the award.

How to participate?

PFHA members do not need to apply to participate. The top five (5) horses' names will automatically be submitted by the NATRC to the PFHA at the end of the NATRC year. Five (5) names are sent in case the top name does not qualify based on PFHA criteria.

It's FREE!

There is no charge to participate in this award program and no paperwork to maintain or submit.

 - b. For an endurance ride or a competitive trail ride, a copy of the ride management vet/ride book or score card.
 - c. Any fees assessed by the Association.

IV. Types of Rides and Points Awarded.

A. Competitive Trail Rides.

The Association shall award points for miles ridden, for final impression score and judging categories in a Competitive Trail Ride at the following rate:

One (1) point shall be awarded for each five (5) mile increment completed of the competitive trail ride for rides of twenty five (25) through twenty-nine (29) miles; two (2) points for each five (5) mile increment for rides of thirty (30) miles up to and including forty (40) miles; three (3) points for each five (5) mile increment for rides of forty (40) miles up to and including seventy four (74) miles; four (4) points for each five (5) mile increment for rides of seventy-five (75) miles up to and including ninety nine (99) miles; and (5) five points for each five (5) mile increment for rides of one-hundred (100) miles. For example: A horse that completes a seventy-five (75) mile ride will be awarded sixty (60) points for mileage.

The Association also shall award points for placement in the following categories established by the competitive trail ride management, as shown below:

In addition to points already awarded to Competitive Trail Rides for mileage, points also shall be awarded for the average of the final overall impression scores from the veterinary and trail/lay Judge(s) as follows:

- Ninety-eight (98) to one-hundred (100): eighteen (18) points,
- Ninety-five (95) to ninety-seven (97): sixteen (16) points,
- Ninety-two (92) to ninety-four (94): fourteen (14) points,
- Eighty-nine (89) to ninety-one (91): twelve (12) points,
- Eighty-six (86) to eighty-eight (88): ten (10) points,
- Eighty-three (83) to eighty-five (85): eight (8) points,
- Eighty (80) to eighty-two (82): six (6) points,
- Seventy-seven (77) to seventy-nine (79): four (4) points and
- Seventy-four (74) to seventy-six (76): two (2) points.

If the average of the scores comes out to 96.5, for example, the points shall be rounded up to the next highest number, in this case, 97. If the ride does not have a trail/lay component, then the overall score from the veterinarian will be used. If a ride uses a score other than 100 (such as 200, 300, 400, etc.) then the final score will be divided by two, three, four, etc., to obtain a number between zero and 100. For example: Ride A uses 200 as its top score. Applicant Paso Fino scores 160.

Divide 160 by two, which equals 80, which equals six PFHA points. Ride B uses 400 as the top score. Applicant Paso Fino scores 380. Divide 380 by four, which equals 95 or 16 PFHA points.

If the score comes to 95.5, for example, the score will be rounded up to 96. If the score comes to 95.4, it will be rounded down to 94.

B. Endurance Rides.

The Association shall award points for miles ridden and completed with a fit horse with an 'official completion' recorded by a veterinarian on Vet Ride Book/Card, and Post-Ride Vet Check Overall Impression Score at the following rate:

One (1) point shall be awarded for each five (5) mile increment completed on the endurance ride with a fit horse earning a completion recorded as such on the veterinarian ride book or card for a ride of twenty-five (25) through twenty-nine (29) miles; two (2) points for each five (5) mile increment for rides of thirty (30) miles up to and including forty-nine (49) miles; three (3) points for each five (5) mile increment for rides of fifty (50) miles up to and including seventy-four (74) miles; four (4) points for each five (5) mile increment for rides of seventy-five (75) miles up to and including ninety-nine (99) miles, and five (5) points for each five (5) mile increment for rides of one-hundred (100) miles.

For example, horse that completes a fifty (50) mile ride will be awarded thirty (30) points for mileage.

The Association also shall award points for Placement for Post-Ride Vet Check-Overall Impression Score. Points for scores are as follows:
